

# **A DVD Presentation of *The Noble Thief*: Transformation in Front of Your Eyes**

**Jerry Strain**

## **Abstract**

Imagine a thief learning about the Baha'i Faith by robbing a house; and imagine yourself experiencing what being a Baha'i means by watching the stages of a thief's transformation. The transformation formula: To change disillusion, denial, and self-pride to nobility, begin with courtesy and loving kindness, add the gifts of fellowship and readings, season with gentle insights and forgiveness, and blend with patience!
